FILTRATION & SEPARATION

Quality Service · Technical Expertise

C.C. Day Company, with over 60 years of experience, has developed extensive knowledge of filtration applications in a wide range of industries.

Chemical

Process Filtration, Clarification,
Classification, Air & Gas, Facilities

Food & Beverage

Product Filtration, Water,
Steam, CIP, Air & Gas, Facilities

Inks & Paints

Classification of Paint & Inks
Clarification of Dye Based Inks

Power Generation

Coal, Nuclear, Simple and
Combined Cycle, Water, Oil, Air & Gas

Coatings & Adhesives

Coatings, Adhesives, Plating,
Metal finishing and Anodizing

Life Science

Product Clarification, Sterilization
Fermentation, Aseptic, Water, CIP

Electronics

Ultra Pure Water, High Purity Chemicals

Fuels & Refining

Ethanol, Biofuels, Crude Oil Refining

Water

Process, Cooling and De-ionized Water
Municipal Water Treatment, Wastewater

Oil & Gas

Water for Hydraulic Fracking
Salt Water Disposal, Natural Gas Filters

C.C. Day Company is proud to offer these and many other fine lines of Filtration & Separation products:

High Purity Membrane and Pleated Filter Cartridges, Filter Housings, Filter Bags and Hi-Flow Cartridges.

FILTER SOLUTIONS INC

Fabricated filter vessels and strainers. Skid mounted packages. Carbon steel, Stainless steel, and specialty metals.

Patented Automatic Self-Cleaning, Simplex, Duplex, Y-Type, Cone, Cast and Fabricated Strainers.

Stainless Steel Filter Cartridges, Self-Cleaning Scraper Strainer.

Automatic, self-indexing pressure filter; Continuous flow, high-solids filter press.

Hydraulic and Lube Oil Filters, Fuel and Gas Filtration, Air, Gas & Liquid Process Filters.

Disposable HVAC Panel Filters to HEPA filters, Glasfloss is the Clear Choice for your air filtration needs.

AUTOMATIC HIGH FLOW DISC FILTERS
Self-Cleaning automatic backwash filters, 5 - 500 micron retention.

Air & Gas Filtration, Air Intake Compressed Gas, Vacuum, Oil Mist Eliminators and Specialty Filters.

Centrifugal Separators & Automated Solids Removal Systems.

Natural Gas Coalescing Filters, Gas Conditioning Skids, Patented Technologies.

Lube Oil Filters, Oil-Reclaimers, Oil Conditioners, Vent Oil Mist Eliminators and Filter Housings.

Allow us the opportunity to Design, Engineer and Specify the right product for your new or existing Filtration & Separation application.

C.C. Day Company, founded in 1956 by Chester Carleton Day.

With technical expertise, quality products, and customer service, C.C. Day Company developed a reputation for solving our customers filtration problems.

We are dedicated to serving our customers through strong relationships and providing new and innovative solutions for their filtration needs.
